Snack food buffet proposed for the evening, no more than £40

Jubilee Millions

Emails have been received saying they have received our application and they are now processing.

DUN

Confusion has arisen over the allocation of any funding we may receive. It was confirmed we had to apply for planning permission before we hear from the Jubilee Millions fund, so we have to pay for the outlay of the application. Provided we go through the Parish Council we get charged the half price rate of c.£85.

It was agreed we'd ask the Parish council to pay for half of the application fee.

A meeting with John Hobden at the hut needs to be organised asap, before the next parish council meeting and will be from the 28th March onwards but before 4th April

RR

A ground plan needs to be created. Building to be measured to create a rough ground plan to work from. Plan will then be made available to all.
